industry

Cable Ties FVM

The metal detectable cable ties are FDA compliant for Food & Pharma industries application. A particular production process add a metallic pigment which makes the cable ties detectable by x-rays and metal detectors.

Technical specifications:

- material PS66
- flammability UL94-V2
- temperature -40...+85 °C static
- in length from 100...300 mm

Mounting brackets FVS

The fixing clips for FVM cable ties are specially designed for the food and pharmaceutical industry. An exclusive manufacturing process includes a metallic pigment that makes them detectable by metal detectors or X-ray devices. The mounting supports allow the fixing of the clamps even in areas with high vibrations, thanks to the 4 direction fixing.

Technical specifications:

- material PS66
- flammability UL94-HB
- temperature -40...+85 °C static
